

Axel Oliva

Fraunhofer ISE

■ Back in time:

- **Study of energy- and environmental engineering**, diploma degree at Technical University of Hamburg-Harburg, 2009
- Practical work at Test-Lab Solar-Thermal at Fraunhofer ISE, Diploma-Thesis, developing system design and operation strategies for newly developed concentrating process heat collector system

■ Team „Low-Temperature Solar Thermal Systems“

- Project management
- Focus on building supply systems

■ Topic´s:

- Analysis and visualitation of measured and simulated data
- Modeling, simulation and optimization
