

Damien Picard

- **Studies:** Mechanical engineer in applied mechanics and energy conversion (KULeuven)
- **Thesis:** Development of an MPC-strategy with grey-box modeling approach for multi-zone building climate control.
- **Fields of interest:**
 - Geothermal Buildings: Control and Design
 - Borefield and HVAC modeling
 - MPC
 - System identification
 - Rules extraction for control
 - Modelica (A60) / Python / Matlab

Chiasson (2007) [1]
