

Developing a 600 kW Airborne Wind Turbine

Damon Vander Lind
Lead Engineer
Makani / Google [x]
California

Friday, June 12, 2015, 12:15-13:00,
HS 00-026, Georges-Köhler-Allee 101,
D-79110 Freiburg, Germany

The talk presents Makani's work towards a large scale airborne wind turbine with 600 kW rated power (see picture).

(public talk organized by Prof. Diehl)
